

8936 Planter REPAIR TIME SCHEDULE

Form Number 4283514M1

Contents

Section	Description
1	Accessories
2	Application System
3	Decals
4	Drive System
5	Electrical System
6	Frame
7	Hydraulic System
8	Row Units

A. TIME ALLOWANCE

The times listed in this publication are the result of careful study of the operation concerned; they represent the average time ONE trained dealer mechanic, of normal ability has taken to carry out the operation in a typical dealership, using standard workshop tooling and equipment including air tools, located for reasonable access and working conditions. They DO NOT include any traveling to or from the farm or site.

The machine is assumed to be clean and to be bare of any extra equipment or attachment of non "AGCO" manufacture, and delivered to an authorized and duly equipped workshop where trained personnel and spare parts required to perform the operations are immediately available.

The times given include difficulties encountered working on used as opposed to new machines, and are based on methods and recommended tools shown in the workshop manual.

The times are based on a second hand machine in reasonable condition properly maintained using approved parts. Extra time may be required to deal with seized, rusted or damaged parts.

Allowances are included in the operation times quoted for obtaining all tools and parts, cleaning and testing after repair. Diagnostic time is included in the time allowance unless a separate code is listed for diagnostic time.

The times given in this Repair Time Schedule are for a complete job from start to finish, including allowances for intermediate operations.

B. TIMES

All the operating times are presented in hours and the decimal parts of an hour. Decimal times must be used on all warranty claims.

The times given in this repair time schedule are for a complete job from start to finish. Where access has been gained for an adjacent repair only the additional time for the second repair will be accepted and not the total time for the two failures.

C. REVIEW OF TIMES

If you find any improvement in the method which reduces the time of an operation or you find you cannot meet an operation time after more than three attempts using the recommended method, a "Request for Review of Time" form (see next page) must be submitted quoting all relevant details. Photo copy the form and fax it to the following address:

AGCO Corporation
Attn: Technical Services and Support
FAX (620) 327-5713

D. AMENDMENTS

All times contained in this schedule are based on the latest information available at the time of this publication. The right is reserved to publish revision at any time. All operation times are subject to amendment if the design, method or technique changes result in alteration of time taken.

E. REQUEST FOR REVIEW OF TIME SCHEDULE

Request for Review of Time Schedule

Dealer Name: _____ Date: _____

Address: _____

RTS Publication No.: _____ Failure Code No.: _____

Machine Model: _____ Serial No.: _____

We disagree with your time allowance against the above failure code number. We have observed and accurately timed this operation as carried out by a trained mechanic using recommended procedures and special tools. Our findings are detailed below:

Analysis of Time			
Work Performed	Time		Remarks
Remove Component			
Dismantle			
Clean and Inspect			
Obtain Parts and tools			
Reassemble			
Reinstall			
Adjust and test			
TOTAL OF TIME			
Number of mechanics used on job.			

Printed Name: _____ Signed: _____

ACCESSORIES

C3000 CONSOLE AND MOUNTING KIT	142
COULTER KIT (25 FLUTE SHOWN)	148
GTA C1000 CONSOLE KIT	137
GTA II CONSOLE KIT	139
MODULE - SWATH CONTROL	144
RESIDUE MANAGER KIT SHORT SHARK TOOTH	145
RESIDUE MANAGER KIT SPOKE TOOTH, 10 & 13 INCH (10 INCH SHOWN)	147
RESIDUE MANAGER WHEEL KIT SHARK TOOTH, 13 INCH	146
SGR-1 RECEIVER AND CABLE KIT	143

APPLICATION SYSTEM

AIR BOX ASSEMBLY - PNEUMATIC	129
AIR DUCT - 20 & 22 INCH ROW CENTER	117
AIR DUCT - 20 & 22 INCH ROW LEFT AND RIGHT	118
AIR DUCT - 30 INCH ROW CENTER, OUTER LEFT & RIGHT	119
AIR DUCT - 30 INCH ROW INNER LEFT & RIGHT	120
COMPRESSOR	123
COMPRESSOR - PNEUMATIC	128
DOWN PRESSURE	125
DOWN PRESSURE - MANIFOLD	126
DOWN PRESSURE - SPRING	127
MOUNTING - AIR BOX ASSEMBLY	130
MOUNTING - BLOWER	121
PNEUMATIC DOWN PRESSURE KIT	124
SINGLE SWATH CONTROL KIT	122

DECALS

DECALS - CENTER	133
